

LOCAL INFORMATION Kent

We are delighted to make the *mission shaped ministry* course locally available as an effective means of training all God's people further in mission. This has been established jointly between Rochester and Canterbury Dioceses, the South East District of the Methodist Church, the URC, the Baptist Church and the Salvation Army. We believe it will be a significant resource for the building of the Kingdom of God in this area. The course has a particular focus on the development of new areas of outreach that engages those outside the reach of traditional church.

This course is designed for laity, clergy and for all trained church leaders. We particularly hope small groups from a congregation will come as this may well deepen the impact of the course and better equip existing congregations. Some may already be involved in a fresh expression of worship, others committed to exploring the idea.

The course will be staffed by:

Revd Canon Kerry Thorpe – Canterbury Diocesan Missioner for Fresh Expressions
Revd Canon Jean Kerr – Bishop's Officer for Mission and Unity and Canon Missioner,
Rochester Diocese

Martyn Hayward – Mission Officer (Southern Synod), United Reformed Church
Bart Woodhouse – Mission Enabler and Associate Minister for Fresh Expressions
...and will draw from the expertise of the National Fresh Expressions Team

For further details please contact course administrator:
