

God's Calling - explore it!

A local day to gently explore God's calling in you

Could your gifts make a difference to the future of your church?

Are things changing in your life and you wonder why?

Are you wondering where God is leading you?

**Got a hunch that ministry might be for you...?
Confused by the options?**

The God's Calling team want to explore with you how you can:

- Be who God created you to be
- Follow Jesus as a disciple
- Respond and live in the flow of God's spirit

The day will be full of stories, information and reflective activities along with the chance to talk in confidence with those who can help you on your journey.
