4 LLF	B	To note

The LLF Programme Board is responsible for overseeing the development of the LLF Next Steps proposals and is doing so through a series of consultations.

Why is this Synod being held?

A specific aim of these consultation conversations is to provide an opportunity for people to hear and discuss where the LLF process has reached and what the proposed next steps are.

The LLF Programme Board is keen to gather feedback around the current proposal for the potential introduction of the Prayers of Love and Faith in standalone (bespoke) services alongside further pastoral reassurance. This will also take account of parallel work on the consideration of a timetable for removing restrictions on clergy in same sex marriage.

The meeting will be facilitated and documentation shared over the summer.
