

The prayer time we had I really felt the presence of God flow through the room and one of the leaders later told me they felt the presence of the Holy Spirit as I prayed. The worship and the way I was received by the group was truly inspirational and I marvelled at the commitment of those leaders and young people. Using story, illusions and worship, I was overwhelmed by them. One of the Leaders Amanda tried her best to translate which was difficult as I used humour and she was laughing so much.

I also did an event at the Gazing Upwards church where I performed a Gospel illusion event and families came. Daryl compered and it was good for him to see me at work as it has been over 15 years since he has seen me do things. Nick My interpreter tried his best to keep up and we had a fantastic time. My memory of the people and the youth group is with my wonder lock trick and telling them that this was the key that opened the lock was hilarious, as they kept changing keys. One young girl Jenny 12 who we found out later shared her faith with her school friends said "Whatever" as she had seen it being done.

I also went into the International school doing lessons and an assembly, which was fun. So many memories and God did amazing things in China. So my prayers and thanks to The Gazing upwards church for allowing us to use their building for the evangelistic event. The International and Baishon School for assemblies and lessons.

The New wave youth group and their wonderful leaders Elaine, Amanda, Erin and Johnny. Also Daryl and Maureen for all their love, encouragement and allowing us to come.

In Arnies words "I'll be back".

The News

Sabbatical

Well still in Sabbatical, I am writing a prayer diary/ letter about what I have done and what the diary holds for next year.

Sitting here having rung a number of churches and also contacting 30 schools with what was already in the diary it looks a bit manic to Easter.

My sabbatical I was told by Mark Russell was to be a rest ! I had plans which when I spoke to someone said there were "no shouldn't on a sabbatical it was all about me".

Coming after a fantastic mission in the Harbury deanery with Roger Murphy and the wonderful team headed up Martin Green and Vikki Bissiker.

Its been strange not working and especially at this time not thinking about Christmas as all my colleagues are. Still with nearly a month to go it's been a strange experience. Going to Church not doing anything just relaxing going to a place where the sung worship for my musical tastes was ideal for me and a chance to engage with God.

China

The most amazing aspect of this time was our time in China. To say it was mind-blowing would be an understatement of the experience I found myself in.

My Friends Daryl and Maureen have been ministering for the last 12 years in Qingdao. I was asked if I would like to take part in the ministry there. Unfortunately Daryl for most of our time was away with a group from the school. So Maureen had to ferry me and sort out the logistics of looking after us and making sure that the ministry was covered where I had been booked.

I helped Maureen with an after school English club in the Baishan Chinese school. Gaining trust and also having fun with balloons and magic. I helped in 2 sessions where their eyes were alight and also kept their attention to the English teaching using the Lion, the Witch and Wardrobe. One of sessions using storytelling and Illusions we ran through lots of bible stories using that to teach English. It was a really encouraging and an amazing lesson with them learning Bible stories.
